BID TABULATION

**General Services
(Procurement) Division**

Thank you for your response to our Request for Bid # D210-023-R2. For your information, the following is a tabulation of all responses which were received. This bid was awarded to: **Willis Bros., Inc.** If you have any questions, please contact me at the address/phone number shown above.
Buyer: William D. "Bill" Noyes, CPPO, CPPB, Senior Procurement Agent

SCOPE OF WORK

1.0 Description

Underground boring to install 3-inch conduit between a minimum depth of 24 inches and a maximum depth of 30 inches. MoDOT will stake/mark the exact locations boring work is to be completed at the project site. The ends of all conduit are to be capped or taped to prevent the entry of foreign material after installation and when pulling back in after boring. MoDOT will furnish the conduit materials. The contractor is responsible for obtaining all utility locates through the Missouri One Call system, and obtaining any other required permits or licenses prior to performing any work. MoDOT personnel will be available on-site during the project to provide additional guidance and assistance, as-needed, if-needed.

2.0 Location

Randolph County – Clark, Missouri 65234 – U.S. Highway 63 at the State Route P junction, consisting of boring approximately 225 lineal feet under U.S. Highway 63 (including the median area) and of boring approximately 90 lineal feet under State Route P.

3.0 Traffic Control & Work Zone Requirements

Except during working hours, the contractor shall not park vehicles or store equipment or materials closer than 30 feet from the edge of pavement carrying traffic, unless the equipment, vehicles, or materials are located in a properly protected area. All personnel involved in the underground boring, service, and supply operations at the project location shall wear high visibility safety vests or other high visibility clothing and appropriate safety footwear. MoDOT personnel will provide all necessary traffic control.
